

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, OCTOBER 7, 2008**, upon the application of **CADDO MANAGEMENT, INC.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Marg Idi Sand, Reservoir A and the Marg Idi Zone, Reservoir A**, in the South Arnaudville Field, St. Martin Parish, Louisiana.

1. To dissolve the existing drilling and production unit created as the Marg Idi Sand, Reservoir A SUA by Office of Conservation Order No. 187-B, effective May 18, 1982, and to simultaneously create a revised single drilling and production unit for the Marg Idi Zone, Reservoir A.
2. To establish rules and regulations governing the exploration for and production of gas and condensate from the said revised sand unit.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the unit, so created, with each tract sharing in unit production on a surface acreage basis of participation.
4. To confirm Caddo Management, Inc. as operator and designate a unit for the MARG IRA SUA.
5. To find that, except to the extent contrary in the order granted by the Commissioner of Conservation in connection with the hearing held on this application, the provisions of Order No. 187-B remain in full force and effect.
6. To consider such other matters as may be pertinent.

The Marg Idi Sand, Reservoir A SUA was previously defined by Order No. 187-B, effective May 18, 1982, and is hereby redefined as the Marg Idi Zone, Reservoir A, as being that gas and condensate bearing zone encountered between the measured depths of 8,400' and 8,494' (8,361' to 8,454' VD) (electrical log measurements) in the Lyons Petroleum-Dr. Sidney Frederick No. 1 Well (SN 176938), located in Section 38, Township 8 South, Range 5 East, and is further defined with a top of 8,341' measured depth and base of 8,457' in the Caddo Management-Dr. Sydney Frederick, et al No. 2 Well (SN 232159), located in Section 38, Township 8 South, Range 5 East.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Lafayette**, Louisiana.
